MILITARY WEEKEND CLIMAXED BY BALL

by Gene Violette

Tonight finds the weekenders, at the climax of the Military Weekend, dancing to the music of the U.V.M. Catamounts in the Winooski State Armory. The formal event began at 9:00 P.M. and is expected to last till midnight.

OLENDROWICZ CHAIRMAN

With the Military Ball the first of the three major annual weekends at St. Michael's will have drawn to a close. Sponsored by the Chaplain John Verret Squadron of the Arnold Air Society, with Paul Olendrowicz as chairman, this was the 7th annual Military Weekend held at SMC.

CONCERT BY HOLY CROSS GROUP

Festivities started last night at 8:30 with a jazz concert in Austin Hall. The music was excellently played by the Holy Cross Jazz Band from Holy Cross College. Members of this group, now all seniors, have been playing together for the last four years and feature a more listenable type of jazz. Their musical theme for the night was "Around the World in Music," by which they played selections of songs representing countries and nationalities from all over the world; such as Irish melodies, Polkas, etc., all with a jazz tempo. It was a musical travelogue very well done.

DRILL TEAM EXHIBITION

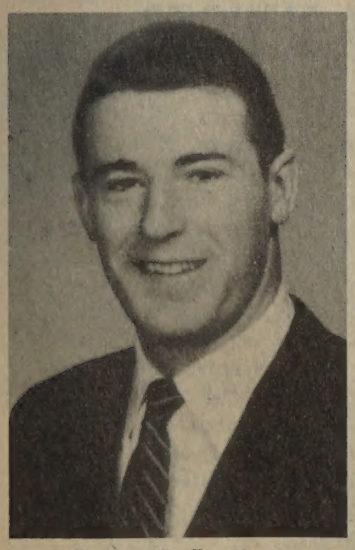
This afternoon at 2:00 the Weekenders were treated to exhibition of precision drills by the SMC Drill Team in front of Austin Hall. Then at 7 o'clock tonight, preceding the Ball, the advanced cadets with their dates and each officers and wives were guests at a cocktail party at the Lincoln Inn in Essex Junction.

(Continued on page 6)

Former Student Promotes SMC

This year, a new figure, possibly an old one to some, appeared on the campus. This was Phil Howrigan, class of '57 and new public relations man at St. Michael's.

Mr. Howrigans main job is that of working in close co-ordinance with high school guidance personel in the counsel of high school seniors who are looking forward to a



Philip J. Howrigan

college education. Speaking at different high school "College Night" functions, Mr. Howrigan discusses college with both student's and their parents.

In his travels, Mr. Howrigan

(Continued on page 6)

Blood Drive Winners Named

Residents of St. William's Hall won the biannual blood drive contest for donating the most blood to the Red Cross.

The prize, fifteen dollars, was presented to Alby Brault, proctor, and the students of St. William's Hall by the Student Council.

In a campaign that suffered heavy losses due to wide spread sickness on the campus the Red Cross was not suprised at the small donation of only 58 pints. Compared to past years 58 pints is only about half the usual quota collected. But the Red Cross, because of a national shortage; said Bill Carey and Paul Lombardy, officers of the sponsoring Biology Club; were happy to get any blood at all.

College Named In Esso Grant

St. Michael's will be the recipient of a $2,000 unrestricted gift granted by the Esso Education Foundation. The college was awarded the same amount last year by this organization.

Also, this year for the first time, a grant of $10,000 was made to the Council for the Advancement of Small Colleges. St. Michael's comes under this category and is thereby qualified to benefit from this allotment.

The Esso Education Foundation was established in 1955 by Standard Oil Company and a group of affiliates to assist privately supported colleges and universities in the United States.

PRESIDENT TO SPEAK NOV. 16

The Very Rev. Francis E. Moriarty, S.S.E., President of St. Micahel's College, will celebrate a Solemn High Mass on President's Day, November 16.

Father Moriarty back from his trip abroad, will deliver the sermon to the faculty and students of the college. This will be the President's first official greeting of the new school year to the students.

The Mass, which is also helded on the Feast of St. Edmund, will be helded in Austin Hall at 10:30 A.M. The Mass is obligatory for all students. Local clergymen and invited guests will also be in attendance.

Senior investiture service will be conducted in conjunction with the Mass. At this ceremony the seniors will formally receive their caps and gowns and join the faculty in procession.

Your prayers are requested for the repose of the soul of Joseph Shaughnessy Clinton, Mass.

Fearey Appointed as MICHAELMAN Editor

The Rev. Paul A. Gopaul, MICHAELMAN Editor-in-Chief, recently announced the resignation of MICHAELMAN Editor John Aneser. Aneser, a senior English major, will be replaced by Junior Peter J. Fearey.

Retiring MICHAELMAN Editor J. K. Aneser explains a technical point to Editor P. J. Fearey.

In resigning as Editor, Aneser cited his reluctence to vacate the position. However, Jack felt that to continue in the office would jeopardize his scholastic standing and it became a question of neglecting one for the other. John stated that rather than neglect either his studies or the paper, the only alternative was to resign.

Fearey has been associated with the MICHAELMAN for the past two years. In his freshman year, he served as a reporter and was appointed Make-Up Editor in his Sophomore year. Pete is majoring in American Studies and plans to enter Law School after graduation. He is a member of the Crown and Sword Society and the Arnold Air Society.

In accepting the office Fearey stated that there would be some minor changes made in the MICHAELMAN and that new methods would be tried on a temporary basis. Pete commented that one of his major aims will be to create a well trained staff of underclassmen. One of the greatest problems is keeping a supply of experienced men from year to year.

Father Gopaul announced other staff changes that have been made. Gene Violette will assume the duties of News Editor and William Hill will be Copy Editor. Charles O'Brien, Dave Barry, Bob Pellegrine, Bob Volckhausen, Ed Feste and George Moskowitz have been named to temporary office as Associate Editors.

Winter Carnival Budget Frozen

By JAMES CANAVAN

The Student Council meeting of Tuesday night was the scene of the ablest student politicing yet exemplified on campus this year. Instigated by the Outing Club's proposed Winter Carnival budget, the ensuing debate recalled the color of past council conflicts when one member would readily challenge the body on a particular point.

Amid an air of uneventfulness, Outing Club prexy Ed Cashman proposed that the Council grant the Club $1505.50 for the Winter Carnival. Cashman appeared confident that pre-meeting lobbying would bring its desired effect as he spoke resolutely in favor of the motion.

LATIMER PROTESTS BAND

It was at this point that the infamous senior logician George Latimer questioned a $200 allotment for a rock'n roll band. Protesting that a rock'n roll concert would ba detrimental to the college in general and was not of proper calibre for a major weekend, he suggested that a Dixieland combo be engaged at the same price.

Chairman Joseph Lee, with dubious authority, granted Latimer that a straw vote of the Council be taken on the question of rock'n roll vs. Dixieland before voting on the main motion. Joseph Fortin moved the question on the budget and the vote was taken eliminating the straw vote.

CARROLL SUBMITS MOTION

The issue appeared settled and the motion passed until Fr. Coombs, moderator, questioned who would assume the debt, if any, from the Carnival. James Carroll introduced a motion that the council assume any debt involved for all weekend budgets granted. Latimer, obviously wishing to re-open discussion on rock'n roll, protested that this motion qualified the original motion and that if it were passed, the original motion should be reconsidered in light of it. Debate ended as the motion was ruled a Constitutional amendment and out of order.

BUDGET QUESTIONED

John Munroe then interjected the most startling revelation of the evening.

(continued on page six)

BUDGET ALLOTMENTS

	Requested	Granted
Shield	$ 3,900	$ 3,000

Education Club	65	45
TOTAL	$ 10,893.50	$ 8,184

SSE Celebrates Anniversary

The feast of St. Edmund on November 16, will be a doubly happy day for the busy fathers and brothers of the Society of St. Edmund. In the 20 years since the Edmundites embarked on their work in the South, they have built eight churches, five parish halls, two hospitals, six rectories, six grade schools and five convents.

Reverend Francis M. Casey, S.S.E., now stationed in Putney, Vermont, founded the missions and served as first director from 1937 to 1946. Starting with two Catholics in Selma, Alabama, the present Southern mission headquarters, the 14 missions now reach more than 2000 Catholics. More than 1000 children receive religious instruction and attend the mission schools. From 1946 to 1956, the missions were headed by Rev. Norman Lambert, S.S.E., now treasurer of St. Michael's College. Very Rev. Eymard P. Galligan, S.S.E., now heads the missions in Alabama and North Carolina.

The Society, headed by Very Jeremiah T. Purtill, Superior General, is conducting a novena of Thanksgiving from Nov. 8 to Nov. 16 in gratitude for all the gifts and blessings that have been showered on its work.

The Society of St. Edmund has as its patron, St. Edmund Rich, the last canonized archbishop of Canterbury. St. Ed-

(Continued on page 6)

A STATEMENT OF POLICY

The presentation of news is the primary purpose of a newspaper. Therefore news is the matter of the newspaper and those who present the news are the form of a newspaper. The end of the MICHAELMAN is to present the news of the college to the college and to the public.

By college we do not mean the students alone. It is not a student newspaper rather it is a college newspaper. For a college is a society of which the students are a part and therefore all phases of college life must be reflected in the newspaper. Further since it is a college newspaper it reflects the college as a whole and not individuals.

The editorial page is the one exception to this rule. However even here we must remember that what we say is carried beyond the narrow boundaries of this campus. The MICHAELMAN is read throughout the east and in many cases it is the only basis for judgment of St. Michael's.

Therefore it is our responsibility to maintain the discretion and dignity of Catholic college students in all we print. In assuming the duties of Editor we realize these responsibilities and it is our goal to present the news of the campus as a whole in the best tradition of Catholics and journalism.

THE LONG BLUE LINE

As the "long, blue line" wends its cadences way around campus, many of its watchers wonder what it is. They wonder, "What's in it for these 'Junior Birdmen'?" or, "What is its value as opposed to the tax dollars spent on it?" These wonderers are not alone -- the whole campus wondererd, and asked, in Sept. of '51 when the program was begun.

We are at war! We can call it cold war, psychological war, we can veil it behind a hundred other names, but it does not change. Because only less blood is shed, because there are no vast campaigns or high engagements, does not alter the situation. What is more pertinent still, is the possibility that this state of war will erupt to such an extent that it must be officially recognized.

As a deterent to and in the event of open war, America must keep strong as economically as possible. Every branch of the service needs men. They need intelligent, educated men to fulfill the more complex missions. They need men with college and university educations. In order to enlist these men that will aid the service, the service must make itself attractive. It is far cheaper to train, pay, and commission these men while on the campus then to put them through college. This then is the most economical way of filling the ranks with educated men.

As our president, Father Moriarty has said; "The challenge is fairly clear, - America needs, and needs desperately, alert, educated, intelligent airmen. St. Michael's College is asked to give them to her. I trust that we shall give them the very finest and abundance." So do we.

The Michaelman

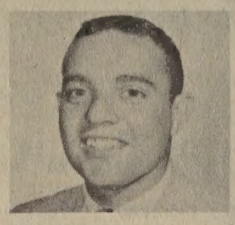
What is your opinion of the MICHAELMAN? Do you have any suggestions for the betterment of the paper? If so, what?

E. DAVID SMITH
East Hampton, Conn.
Class of '59

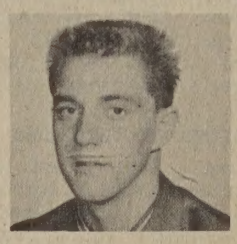
I find that its journalistic qualities have dropped somewhat from previous years. It appears too censured and sounds more like a publication by the administration of the college then a paper published for and by the students at St. Michael's, as the mast reads. Also, I'd like to tell the people on the sports staff that if they're attempting to bring sports back to SMC, they should start by bringing sports coverage.

ALBERT BRAULT
Springfield, Mass.
Class of '59



The paper as a whole is good, considering the time the staff has to put it out in. We have more of an insight into class functions then in the past, although a greater effort should be made to develop this line. It also needs more of such things as letters to the editor, or columns like George Latimer or Dick Manning would put out. It adds a bit of life to the paper and gives the boys something to talk about.

ARMAND MILOT
Manchester, N.H.
Class of '60



The MICHAELMAN, in my opinion, profits every individual on campus, whether it be in sports, student council or varying club activities. It is also a morale booster for our "Dear Boys" in the infirmary who, for the past few weeks, have been suffering from the "Mohabi Flu." I enjoy reading the "Broken Fungo."

FRED BURKLE
New Haven, Conn.
Class of '61

It's OK, I guess. Anyways, that's what all the kids say about it. I couldn't tell you because I never read it. If it had funnies or something interesting like the paper back home I would read it.

There's your 30 words. Now, I hope you're satisfied.

SHAKESPEARE IN VERMONT

Those in attendance last Saturday at Burlington's Memorial Auditorium were treated to an excellent production of Shakespeare's Romeo and Juliet. The entire cast gave very fine performances. Dolores Viola as Juliet and Gino Conforti as Mercutio were particularly exceptional. Mr. Conforti was the outstanding performer of the evening. His portrayal of the gay, high-spirited Mercutio was charged with tremendous vitality and polish. In smaller roles Shannon Randolph as Juliet's nurse and Jay Glerum as Peter contributed much to the play by their well-executed comedy.

The staging was quite good. The swordplay was very well done and Juliet's burial was excellently handled. The Players used a one set arrangement which was cleverly modified to meet the needs of various scenes as the drama progressed.

The evening was a great success, as attested by the more than 1000 people in attendance. So warm was the reception given the Players that one is prompted to ask: Why can't we have more of the same?

MUSIC FOR THE MASSES

The student broadcasters on our radio station, W.S.S.E., certainly deserve to be listened to. Every night, Monday through Friday these jockeys brighten up our rooms with their music. The best thing about the station is it offers variety for all. No matter whether you care for "Rock 'n Roll," Classical, Spanish or any other form of music it can be found on W.S.S.E!

All the guys put a lot of time into their programs, in order that the rest of the student body can relax from the grueling strain of work. There are also news programs throughout the evening that enlighten us as to campus doings, present and future.

So, tune in W.S.S.E., between 7:30 and 10:45 and take advantage of the fine music played.

ON CAPITAL PUNISHMENT

Vermont's Governor Johnson has shown that his somewhat bland administration contains at least some vitality by pardoning convicted murderer Lionel Goyet. He is to be complemented for, politically at least, his action is costing him a small price; witness an irresponsible front page editorial in one of Burlington's daily newspapers.

It is interesting to consider that the people who are now raising a hue and cry over Governor Johnson's pardoning would very quickly tell you that Hammurabi's Code of "an eye for an eye and a tooth for a tooth" was a barbaric, savage institution. They refer us to St. Thomas and tell us that a man who kills another forfeits his own life. Let us note well, St. Thomas said that *he forfeits* his life, he didn't say that society was required to take it.

IS THIS OUR LOUNGE?

Our new dorm is furnished with two beautiful lounges. In the near future, I believe it safe to say, we shall have the same in Ryan Hall as in Alumni. However, such progress would be futile, in view of the behavior of many students using the already existing lounges. The construction of the new lounge, being a student accomplishment, should furnish the necessary restraint to anyone causing damage such as: throwing cigarettes on the floor, or putting their feet on the furniture. A common effort should be made to keep up the general appearance of the lounge also in regards to keeping furniture, magazines, and papers in place.

It is requested that all those having subscriptions to hometown papers and magazines donate them to the lounge after being used.

The student and first floor lounges are places which we should be proud of, and, in realizing that they are used in receiving our parents and friends, we should strive to keep them in proper condition.

Joseph Tavolacci,
Chairman - Student Lounge Com.

Make-up examinations for students who were in session last year and who were legitimately absent from final examinations will be scheduled the week of NOVEMBER 18.

All students who have authorization slips from Father Dupont to take a make-up examination this year should have made application to the Office of the Assistant Dean and Registrar before noon October 21, for each exam he is authorized to take. The fee for each make-up exam is $2.00.

EVERYONE who plans to take a make-up should have made application. Father Dupont's authorization permits do not automatically put your name on the schedule. It is necessary that you have already applied.

Fellowships Are Available

The Danforth Foundation, an educational foundation located in St. Louis, Missouri, invites applications for the seventh class (1958) of Danforth Graduate Fellows. College senior men and recent graduates preparing themselves for a career of college teaching, and who are planning to enter graduate school in Sept., for their *first* year of graduate study are invited. The Foundation welcomes applicants from the fields of Natural and Biological Sciences, Social Sciences, Humanities, and all fields of specialization found in the undergraduate college.

President Reverend Francis E. Moriarty has named Mr. Thomas J. Kenny as the Liaison Officer. Mr. Kenny will nominate two or not more than three candidates for these 1958 Danforth Foundation fellowships. These appointments are fundamentally "a relationship of encouragement" throughout the years of graduate study, carrying a promise of financial aid within prescribed conditions as there may be need. The maximum annual grant for single Fellows is $1400 plus tuition and fees charged to all graduate students; for married Fellows, $2400 plus same as above plus $350 for children. *Students with or without financial need are invited to apply.*

The qualifications as stipulated by the Foundation are: men of outstanding academic ability, personality, congenial to the classroom, and integrity and character, including serious inquiry within the Christian tradition.

All applications, including the recommendations, must be completed by January 31, 1958. Any student wishing further information should contact our Liaison Officer.

Chem Club Tours Plant

The St. Michael's Chemistry Club recently met in Burlington and journeyed by car to Montreal, Quebec, to partake in a tour of the East Montreal Shell Oil Refinery.

Refreshments were served upon arrival and later in the day the Chief of the Production Staff outlined Plant Production to the group. The main party was then divided into smaller groups to which an engineer was assigned as a guide. The tour began at the Laboratories where the operation of the refining process is controlled, and then proceeded through the rest of the refinery.

The group was shown how the principles of Organic Chemistry are applied in the operation of making paint.

At noon the group returned to the plant cafeteria for dinner. Later on, members of the party were presented with souvenir ballpoint pens. With the Refinery's Business Manager acting as guide, the students were also treated to an interesting tour of Montreal, which included such points of interest as the Notre Dame church, and the residential and business districts of the city.

The Chemistry Club left Montreal late in the afternoon, rounding off a very interesting weekend commemorating Oil Progress Week.

Helmeted members of Chemistry Club pause during recent tour of Montreal Shell Oil Refinery.

Attendance at New Peak

The 814 students now at St. Michael's College represent the largest enrollment in the college's history except for the boom after World War II.

According to the annual report of Registrar and Assistant Dean Thomas A. Garrett the student body is the largest since 1950 when 922, mostly veterans, were enrolled. Currently, one seventh of the student body is made up of veterans.

This year the number of applications increased 20 per cent over last year, while the increase in freshmen was 23 per cent. Since the postwar bulge, St. Michael's has added Ryan Hall and Alumni Hall, each capable of housing 200 students.

Fourteen states and nine foreign countries are represented among the 735 undergraduates. New York, followed and Massachusetts, sends the most students.

In addition, St. Michael's has 49 students from 13 countries in the English for Foreign Students program and 30 nurses from the Jeanne Mance School of Nursing in Burlington.

Summer session enrollment was 417, also the largest in the 53 year history of St. Michael's.

The registrar's report shows that the most popular concentration at St. Michael's is Business Administration, followed by Biology (premed) and English.

Dean Speaks In Rhode Island

Rev. Gerald E. Dupont, S.S.E., Academic Dean of St. Michael's College, was asked to be the main speaker at an Education Conference for the Sisters of Mercy at Riverside, Rhode Island, last Saturday. He spoke at St. Mary's Academy to college level instructors.

Father Dupont's main topic was "The Role of a College Teacher in Developing the Catholic Intellectual Life." A synopsis of Father Dupont's talk is as follows: "If Catholics are to contribute their proportional share to the intellectual life of this country the burden of preparation rest chiefly with our college teachers. And if our teachers are to perform this task they must develop proper attitudes towards the work of the college itself, towards learning, towards academic freedom, and in addition develop more effective teaching in their classrooms."

Several hundred Sisters of different colleges and high schools from the New England area attended this conference.

Oremus

Night prayers in the dormitories have replaced the custom adhered to in previous years of having the night prayers in the College Chapel at 6:00 p.m.

This change, as announced by Father Coombs, was brought about in hope that more students would avail themselves of the opportunity of joining in the prayers as well as in the Rosary which is said in the Halls every evening.

The schedule of the Rosary in the individual dormitories is arranged by the priest residing in the respective Halls.

This Is Your Glee Club

by Fran Makula

This week, "THE MICHAELMAN" toasts the Glee Club as the Michael Club of the week. Under the able direction of Mr. John Donoghue, who also serves as Public Relations Director for St. Michael's, the Glee Club boasts 65 active members. Last year saw three present Juniors elected as club officers. They are Bill Shaugnessy, President, Jack Bucalo, Vice-President, and Jerry Curran, Secretary. All are from Albany, New York. The fourth officer is sophomore Tom Purcell from Meridan, Conn. Tom serves as librarian. These men, with their devoted attention, provide a well co-ordinated administration for the club.

Glee Club officers go over music with the director. Left to right: Secretary Gerry Curran; President Bill Shaughnessy, Librarian Tom Purcell, Mr. Donoghue; Vice-President Jack Bucalo.

This Musical Society consists of four sections; first tenor, second tenor, bass, and baritone. The baritone section comprises the largest component of the Club. All sections meet twice weekly on Mondays from 7:00-8:30 P.M. and Thursdays from 4:00-5:00 P.M. in Austin Hall. Each section also has a half hour individual rehearsal each week. Thus, the active members devote three hours per week.

Last year the Glee Clubbers held concerts at St. Joseph's College in West Hartford, Conn., Barre, Vermont, and on our own campus. They also participated in a Barber Shop Concert and made an appearance on WCAX-TV, Burlington, for the annual tuberculosis campaign. This year, after many letters had been sent to parishes and colleges throughout New York and New England, there are tentative engagements at St. Rose College in Albany, N.Y., Notre Dame College in Manchester, N.H., and Anna Maria College in Paxton, Mass. Definite concerts have been arranged with and for the Springfield Alumni, Springfield, Mass., Amhurst College in Putnam, Conn., and on the 25th of November at Castleton State Teachers College, Castleton, Vermont.

Club members have also formed a group known as the "Knightlighters". The group is composed of a double quartet under the direction of Fr. Leary. The "Knightlighters" last year appeared on two television programs and in "Knightlights". They are a specialty group and sing popular songs in their appearances. This year among many other engagements the group will appear in Trinity College's Night Show. At present, the group is not at full strength due to the loss of several members through graduation. The present members are Bill Shaugnessy, James Aquino, Carl Krauth, George Mutria, and Dick Fanelli. Dick often sings solo for the group and also for the Glee Club.

Favorite songs often sung at concerts by the Glee Club are *When The Saints Go Marching In, Close To Heaven, Michaelman Fight Song, Salve Regina, Hymn Of St. Francis, Winter Song, Happy Wanderer, You'll Never Walk Alone,* and *Brush Up Your Shakespeare.* To these have been added, for this year, *Adoramus Te, To Music, Moby Dick, Listen To The Lambs, May The Good Lord Bless and Keep You,* and a special arrangement of *Oklahoma.*

Besides the innovation of new songs there will also be the introduction of blazers and matching rep ties. Also new will be the accompaniment of freshman Pete Cavanaugh. Pete is taking over the position vacated by Neil Fitzpatrick.

The main objective of the present club officers is raising and spreading the reputation of the Glee Club, and therefore the school, by having concerts all over the northeastern section of the country. They also wish to provide a mean *of enjoyment* to the other members through the music itself and by doing well what has to be done.

St. Michael's Glee Club has been well received where ever it has had the occassion to perform and has been lauded for its music and conduction. Mr. Donoghue states that this is the best group by far that he has ever directed, pointing out its well roundedness and depth.

SENIOR INTERVIEWS
UNION CARBIDE COMPANY.
NOVEMBER 14TH
Technical Sales Division of Union Carbide seeks chemists plus general career employees of various backgrounds.

WEEKEND

(Continued from page 1)

BANNER COMPETITION

Tonight, the Armory is gayly decorated and a military atmosphere is lent by the individual squardon banner. Each squadron of the wing at SMC has submitted a banner symbolizing its name. The banners are made up of 4 x 7' sheets and an award of 2 merits per cadet, will be given to the squadron displaying the most attractive banner.

CHAIRMEN & COMMITTEES

All in all, it has been a most enjoyable weekend which will long be remembered by all attending. Due recognition is given to the Arnold Air Society which has done a fine job of sponsoring it. It was made possible through the combined efforts of all cadets and the soceity with its various weekend committees. Chairmen and their committees are Pete Ruselowski, Music; Joe Haley, Decoration; Joe Lee, Favors; Ray Haton, Queen & Court; Dom Villoni, Tickets, Dick Manning, Publicity,

HOWRIGAN

(Continued from page 1)

has become quite aware of the prominance of St. Michael's. In New England this is quite evident. The reason for this can be attributed to the facts that most of SMC alumni are situated in New England, those who go on to graduate school go in New England and finally the contribution of the schools athletic activities. Outside of New England it is not as well known. Many know where it is but not what it has to offer. There are 2 prominent reasons for this. The first is that up to ten years ago, the students were limited to the New England area. The second of these reasons is its geo. location, the northern part of New England.

Asked about the advantages of graduating and holding a B.A. from St. Michael's, Mr. Howrigan itemized them. These advantages can be plainly seen. A large majority of the students who go on to graduate work are accepted without much difficulty. A few years ago at Georgetown Graduate School St. Michael's had the largest representation to graduate from this school. St. Michael's also receives governmental grants for the research in cancer now taking place at St. Michael's and also its installation of ROTC at the school. And finally the recognition that comes from industry through the sending of representatives to talk to prospective business men of tomorrow, the seniors.

COUNCIL

(Continued from page 1)

Munroe confessed bewilderment of the economic policy of the Council, unable to fathom how the body could grant $1505 with a $1489 treasury. This policy was clarified when it was pointed out that last May the Council, with $400 in the treasury, granted the Junior Class $3500 for Junior Weekend and the administration assumed the $1000 debt incurred. Munroe then quoted the Council Constitution, requiring that "special budgets" be submitted to the Finance Committee before presentation to the Council, and pleaded reconsideration of the original budget motion. Amid the confusion following, the chair acknowledged that the Constitution hadn't been followed in the two years since its adoption if this were a correct printing of the article. The chair then froze the alloted Carnival budget until the original Constitution could be consulted.

The meeting adjourned with the Council officers huddled over the Constitution and Latimer in the snack bar discussing rock'n roll vs. Dixieland with the Outing Club financiers.

SSE

(Continued from page 1)

mund, a former teacher at Oxford, died November 16, 1240 at Pontigny, France, where the Society was founded.

St. Michael's College is the principal educational institution of the Society of St. Edmund, which also serves the dioceses of Buffalo, Norwich, and Burlington, in this country. The Edmundites also have homes in England, France and Canada.

Registrar To Attend Talks

Mr. Thomas A. Garrett, Registrar of St. Michael's College, has accepted an invitation to attend a conference of Registrars at Brandeis University in Waltham, Mass. The conference which will take place on the 15th and 16th of November, will consist of a panel discussion on the "Evaluation of Foreign Students for Admission to American Universities and Colleges."

On the panel with Mr. Garrett will be representatives of Brandeis, M.I.T., the University of Rhode Island and Bowdoin Colleges. Such a conference will be of great interest to St. Michael's, which already has established a fine reputation with its extensive programs for foreign students.

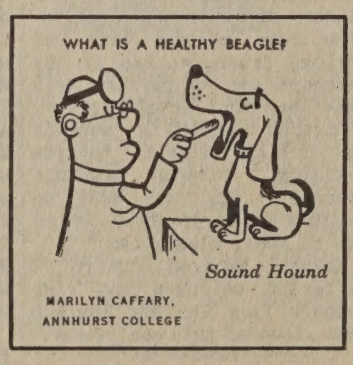
Found, one 1950 Red jeepster convertible. Found on corner of West Spring Street, Winooski. Owner please claim it from Napolean Bowdoin, 87 Hall Street.

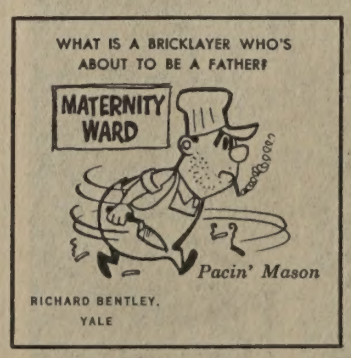
Sticklers!

NO SORRIER WARRIOR exists than the one without Luckies. What's he missing? A smoke that's as light as they come! End to end, a Lucky is made of superbly light tobacco—golden rich, wonderfully good-tasting tobacco that's toasted to taste even better. That's a lot to miss out on—no wonder our chief has grief! Up North, you'd call him a Blue Sioux; back East, a Bleak Creek. But out in the land of the pueblo, he's just a mighty *Mopey Hopi*. (Smoke signal to you: Light up a Lucky. You'll agree a light smoke's the right smoke for you!)

STUDENTS! MAKE $25

Do you like to shirk work? Here's some *easy* money—start Stickling! We'll pay $25 for every Stickler we print—and for hundreds more that never get used. Sticklers are simple riddles with two-word rhyming answers. Both words must have the same number of syllables. (Don't do drawings.) Send your Sticklers with your name, address, college and class to Happy-Joe-Lucky, Box 67A, Mount Vernon, N. Y.





LIGHT UP A light SMOKE—LIGHT UP A LUCKY!

G. Cafarelli to Produce Drama

Gerald Cafarelli will be the first St. Michael's College student to direct a major student production. The play, "The Hasty Heart", will be presented by the St. Michael's Knights and Knaves on Dec. 4 and 5 in the St. Michael's Playhouse.

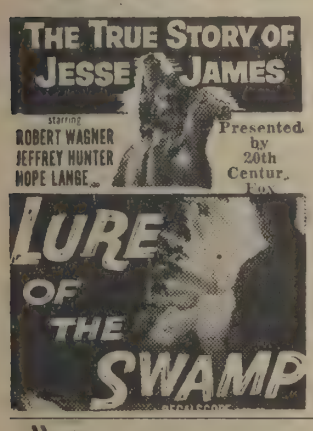
Dr. Armando Citarella, moderator of the Knights and Knaves, said Cafarelli was chosen on the basis of his prize winning work with the drama club during the past two years. Not only did he he win the interclass acting and directing prize, but as a freshman, he wrote the play for his class.

Jerry, who is a Junior and an English major, is a four year veteran of Navy service. He was graduated from Clinton High School where he was active in minstrel and dramatic shows. His brother, Atty. Eugene Cafarelli, is an alumnus of St. Michael's. They are sons of Mr. & Mrs. Rocco Cafarelli, 222 Stone St., Clinton, Mass.

Gerry Cafarelli, Director of "Hasty Heart", reads script before rehearsal.

STATE THEATRE

Continuous 2 to 11 P.M.



Carnival Heads Appointed

"Winter Knights" will be the theme of the tenth annual Winter Carnival to be held the first weekend of February. Weekend Co-Chairman Dan Peacock and Bob Shea announced that since the weekend was originated in 1948, it has grown each year. The chairmen are confident that this year's carnvial will by far surpass all previous outings.

COMMITTEE CHAIRMEN

Work has been underway for the past month on preparations for the highlight of the winter season. Those heading the numerous committees required are as follows. Ray Cummings will be headwaiter and Flo Menninger will be in charge of transportation for the weekend. The King and Queen will be catered to by Bob Gibbs. Veteran musicians, J. Leo Fortin and Joe Tavolacchi, will aid novice Al Fallon with the signing of bands.

Tom Hurcomb is scanning the catalogue for appropriate favors while special events will be handled by Pete Griffin. The aspiring young artists in ice will be directed by Bob Malone. For the schuss boomers. Dick Henneberry is promising two feet of fresh powder. Joe Bruzzese will supply the decorations and John Steele will provide the refreshments for the Carnival.

Winter Weekend Committee Chairmen meet with moderator, Joseph Powers.

Committee Meets Administration

Recently, the Administration Student Relations Committee met to discuss the debated quality of the food served in the school dining hall. The result was a survey taken this week among the students whereby they listed the type of meals they would appreciate being served.

COMMITTEE MEMBERS

Student members of the committee, an organ of the Student Council, are Ron LaFleur, Joe Haley, Jim Canavan, Joe Lee, Jim DesRoches, and George Latimer. Members representing the Administration are Fr. Coombs, Fr. Dupont, Fr. Leary, and Mr. Buchan. These people met in order to find out what could be done to improve the dining hall situation.

FOUR SURVEYING COMMITTEE

Upon reaching the decision to take a poll among students to find their preferences of meals, the Student Council voted to have the Crown & Sword do the surveying. This honor society formed a committee for the job with Jim Carrollas chairman and Philip DiNuzzo, Sulli Barr, Tom DiBiase, and Ray Barto as members.

The poll was taken on Nov. 4, in the dining hall. Said Carroll, "We are very pleased with the mature attitude taken by the students in answering the questions on the survey sheets."

ADMINISTRATION PROMISES ACTION

This committee would like to make it understood that student's individual suggestions may not be carried out, but that they will be carefully processed and the most prevalent of these suggestions will be selected to represent the general opinion of the student body. These tabulations will be taken to the Administration officers of the Administration-Student Committee who have promised to take definite action on this issue.

Article by Dr. Fairbanks Translated

A literary article written by Dr. Henry G. Fairbanks of SMC has recently been translated into Chinese, appearing in the Chinese magazine, *Americana*. First printed in the May, 1956, issue of *American Literature*, the article was bought from that publication by the U.S. Informationg Agency for reprinting.

Entitled, *"Hawthorne & The Machine Age"*, the article is concerned with the rise of industry in the 19th century. Dr. Fairbanks writes an analysis of the manner in which Hawthorne saw this industrial growth as a threat to personal liberty, yet believing that it might be directed into beneficial channels.

OTHER ARTICLES

Dr. Fairbanks is no newcomer to the field of writing. Many of his articles have been printed in some of the leading literary publications in the country. Some of these and the articles published therein are: *Catholic World, Religion In a Modern Age, P.M.L.A., Sin, Free Will, & Pessimism, On Hawthorne Catholic Educational Review, Operation Great Books on the Northern Front (a description of the Great Books used in the Humanities Program at St. Michael's), College English, Hawthorne Amid the Alien Corn.* These are just to mention a few of the magazines in which the writer's works have appeared.

Other articles to come from the pen of Dr. Fairbanks are *On Christian Humanism* in *Spiritual Life*, and *Estimation of the Merits of British Literature Survey Texts* in *College English*.

During its reorganization and until October of this year, this author was Associate Editor of the *Vermont Catholic Tribune*.

ACCOMPLISHMENTS AT SMC

Dr. Fairbanks has been Chairman of the Humanities Department at SMC, since its design and inception. He was also the prime mover and first Executive Director of Summer Theatre at St. Michael's when it had the first Equity resident company on any American college campus. It was Dr. Fairbanks who introduced Players' Incorporated to the St. Michael's College Playhouse.

"I feel like a Coke Do you?"

Of course. Most everyone does—often. Because a few moments over ice-cold Coca-Cola refresh you so.

It's sparkling with natural goodness, pure and wholesome—and naturally friendly to your figure.

Feel like having a Coke?

Seniors Cop Title 6-Zip, In Sleet Storm

The Broken Fungo

After watching Sunday's football game, which by the way was one of the best "pigskin picnics" I've seen in the state all year, I came to the conclusion that any activity up here is regarded as a Wednesday afternoon tilt between Washington and Kansas City. The game, besides being played for the Intramural Football Championship --- (obvious remark being "What's That?") had more excitement than a twin bill at the State. So what happens, two people in the stands, discounting players, T.V. equipment, and the vast MICHAELMAN Sports Dept. The "Loyal Few" were very few. But this column wants to congratulate the iron-men of both sides, who were quite flashy in the snowflakes, their deeds are "Homerically" told by Mr. Dillon, on this page no-less. (Who says the *"Times"* has greater coverage?)

Getting back to that "touchy" question of School Spirit. I've come to the conclusion that this campus is divided into three categories: Those that do, Those that watch, and Those that --- "Idiomize." This latter group is subdivided into Those that declare their Maxims and Those that join the chorus of "Voices From the Sewer". These "Philosophers" make Voltaire look like Louella Parsons. Nothing is good around here, from the "Beanies" to the B.S.'s. Their pronouncements are as follows: "What are you taking pre-med for?", "You know he'll never give you a recommend", "I'd take History, but 'O'B' and his six term papers, are you kidding me?", "Don't ask him! Tell your advisor to get you out of French." Then having riddled the Academic Set-up, they completely chew up the Joke Book. "Any weekend, any weekend at all, look they ain't gonna give 150 guys double cuts!" "He can't make you wear a necktie at chow, I got a buddy at the "Cross", he told me, they tried that and that it lasted a week." And so on and on it goes, "Ad Infinitum." I hope I have not gotten off the track too much, but I just got carried away. Crowing is normal, constructive crowing is profitable, but when you "pontificate" in the Head, only the janitor is all the more richer. So in the words of our "Gibber" -- "Come on you chow hounds".

Olympic Star On Campus

St. Michael's may have no football but don't count us out, latest "celeb" to make it to our lofty halls is Cyrus Kermenf, 22 year old Iranian swimmer. Cyrus is here under the "English Program". He is a graduate of the University of Teheran with

Cyrus Kermenf
Iranian Swimmer

a Bachelor of Science degree. Upon leaving here, he will go into the Industrial Administration field.

The strapping 6 footer has been on the Aisan Olympic Team since 1950 and in 1954 set the 400 meter and 1500 meter record. The dark haired athlete was very modest, and only after prying did I find out he was with the 1956 Olympic Team in Melbourne. We wish him a successful year here.

Freshmen Take Second Place

The Intramural Football Season has finally ended for the year with the Seniors winning the Championship. The Seniors accumulated a record of 3 wins, 1 loss and 2 ties for a total number of 35 points. The Freshmen came in second with 27½, the Juniors posting 17½ and the Sophs getting 10 points.

The game that decided the Championship was twice postponed, first because of sickness and then because of weather. Finally when it was played at 11 a.m. on Sunday, Oct. 27, St. Mikes saw its first snow flurries of the season.

The Seniors started the game with the ball and after three downs being one yard behind the line of scrimmage, they kicked. Frank McKula received for the Juniors and ran it back 8 yards. Soon the Seniors had the ball again and a 20 yard pass from quarterback George Porreca to Pete McMahon showed signs of a threat from the Seniors. But then with the next three passes incompleted, they were forced to kick.

The game continued back and forth like this, with Porreca, Cashman and DiBiase as the leading ground gainers for the Seniors. While for the Juniors, Paul Lennon, Frank McKula and Don Lamoureux did the bulk of the ball carrying. With seconds to go in the first half Lennon intercepted a pass and ran 95 yards and was tagged by Mike D'Arcangelo on the ½ half yard line. The Juniors tried one pass, and time ran out.

At the start of the second half the Juniors took over at mid-field and in 6 plays it was fourth down and goal to go. The passer was rushed and the Seniors took over. From then on it was back and forth again, Joe Haley showing on defense and Bill Gorman snaring Cashman's passes. Finally the Seniors clicked with Haley catching Porreca's pass on the 3 yard line and on the next play Haley grabbed another of big George's passes for the Touchdown. Dave Smith tried to kick the extra point but it was blocked by the whole Junior team.

The Juniors started a comeback with a little more than a minute to go, as big Neil Shea, now chucking the ball instead of receiving threw a pass to Paul Lennon for a gain. One down later, Joe Haley, who was all over the place, intercepted the ball. The Seniors ran the ball for one play and then the game and the FOOTBALL SEASON at SMC for 1957 was over.

Ground Cleared For St. Michael's Proposed Jump

Last Friday and Saturday saw members of the ski team chopping down trees and clearing brush about 500 yards south of Fanny Allen Hospital. One would think the boys were getting wood for the long cold winter ahead, but quite the contrary, they were starting work on the new ski jump. They are building their own ski jump, with an assist from the Air Force.

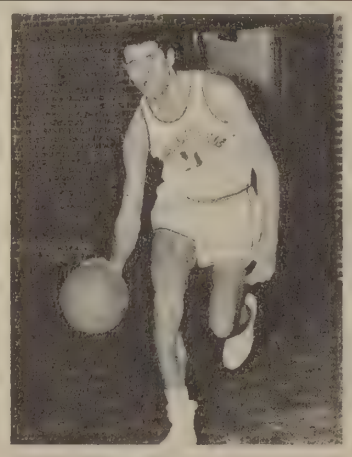
Physics Instructor Dominique Cassavant who doubles as ski coach has been supervising the clearing of an eastern slope adjacent to the college on land owned by the Air Force.

Coach Cassavant has made an agreement with the Outing Club, to build a jump, with both clubs contributing to it's construction. Mr. Joseph Powers, moderator of the Outing Club, is making arrangements for a bulldozer to come in and finish clearing as soon as there is enough room to move around. It is believed that the Outing Club will furnish the necessary equipment and funds. A very rough estimate in the cost is approximately $400.

During the winter, the club runs buses once or twice a week to the Underhill Ski Bowl and to Mansfield-Stowe, but campus interest in skiing has grown to such an extent, that it was thought advisable to build a jump nearer the college.

Rev. Dr. Thomas Donald Sullivan, S.S.E., Professor of Biology, who helped build St. Michael's first ski jump some 25 years ago, is assisting with plans.

Frank McCaffrey



Drew Denmead

Joe Spychalsky

Introducing The Purple Knights For 1958

When St. Michael's College opens up its 1957-58 basketball season on December 1 it will have only three seniors on its roster. But these seniors could spell the difference between a successful or a disasterous season. The three veteran seniors are 6' guard Drew Denmead, 6'9" center Joe Spychalsky, and 5'9" guard Frank McCaffrey. The latter two have limited varsity experience while the former, Denmead, has been a starter since his sophomore year. All three started on the freshmen team in their first year on the hilltop, a year which saw Denmead captain the team to a record of seven wins without a defeat.

Drew needs no introduction to most of us here on campus who have seen him play. In his two years of varsity ball Drew has scored a total of 480 points for an average of 11 points a game. A constant ball hawk, Drew always seemed to get the job of guarding the opponent's big gun. One of his better games came last year against St. Anselm's Frank O'Donnell, who was averaging 24 points a game before taking the floor against the Knights. Drew threw a blanket around O'Donnell and held him to six points while contributing 18 points to the winning cause. One of the coolest basketball players in the area, Drew should have no trouble stepping into the shoes of last year's captain, Bernie Cieplicki.

Joe Spychalsky could also very easily break into the starting lineup this year. This increase in height would be a great asset to the team, because the one thing which the Knights have lacked has been that one big man. Joe could be the answer. Although seeing limited action in his first two years on the varsity, he has been able to gather in 103 rebounds while tossing 75 points trhough the hoop. His potentiality was brought out in his sophomore year in a game against Brandeis University when, although only playing half the game, he swept both offesnvie and defensive boards for 14 rebounds.

Whenever the team has been down and needed those extra couple of points Coach Jacobs would call on Frank McCaffrey, one of the little men on the team. Frank is one of the boys who a coach just likes to have sitting next to him for those few insurance points when they are needed. This could very easily be the year that Frank will leave the bench and crack into that starting lineup. In his sophomore year while seeing limited action Frank scored 77 points with, his big game coming against Clarkson. He was subbing for the injured Bernie Cieplicki, on that occasion, and scored 22 points. Last year Frank's scoring dropped a bit to 52 points but he did manage to hit a fantastic 83% from the free throw line.
